1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. The following changes have been made to the claims by examiner's amendment.

Claim 12, line 1, "6" has been changed to --1--.

Claim 26, line 1, "21" has been changed to --20--.

3. These changes have been made to correct an obvious error; claims 12 and 26 were dependent upon claims 6 and 21, respectively, both of which have been cancelled, leaving these claims improperly dependent from cancelled claims.

4. The drawing figures filed 4 March 2004 are had drawn and obviously informal. Formal drawing are needed.

5. The following is an examiner's statement of reasons for allowance:

The art does not teach or suggest marking a document using taggant particles having two separate codes as in the allowed claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
